Village of Summit, IL.

Summer, 2023

A Village on the Rise

Founded in 1890

THE SUMMIT

FROM THE DESK OF MAYOR SERGIO RODRIGUEZ

Congratulations to all of the graduates. I wish you all success on your future endeavors. Like Dr. Seuss said, "Oh the places you will go." Whatever that path is for you, never forget where you came from and those that were there for you. Continue to achieve your goals and follow your dreams.

After a mild winter, spring brings warmer weather, severe weather, and construction season. With that in mind, let's practice some patience and please be mindful of kids, adults, and pets outside. **Some upcoming projects in the Village include paving a few alleys, water main replacements, and sidewalk replacement. There will also be IDOT construction continuing on Harlem & I-55 and 1st Ave.**

A couple of service projects which occurred in the month of May was the annual Chicago River Day and Openlands tree planting event. These projects highlight preserving and keeping our environment green and clean. These should not just be a one day event, but instead we all should strive to leave this world a better place for future generations. Whether it's keeping our block clean or recycling, we can all do our part.

Summit's first Village Hall in 1898. Our Village celebrates its 133rd birthday this year. Read more about it on **page 6**.

VILLAGE WELCOMES THREE NEW TRUSTEES

The Village of Summit welcomed three new trustees with the swearing in of **Lorena Manriquez**, **Sonia Ponce**, and **Aurora Rodriguez** on May 1st.

They will begin the first of a four year term. Please visit our website at summit-il.org for more information.

THANK YOU!

TRUSTEES ALECO "AL" JULIUS, ARTHUR "COACH" SULLIVAN, AND KAREN WASKO FOR YOUR YEARS OF SERVICE

MAMIE TILL-MOBLEY MEMORIAL STATUE UNVEILED OUTSIDE OF ARGO HIGH SCHOOL

A new memorial statue honoring **Mamie Till-Mobley**, the mother of Emmett Till whose social justice activism helped begin the civil rights movement in the 1950s, was unveiled outside of Argo Community High School on April 29th. Till-Mobley, an Argo graduate herself, was one of the few African Americans to attend the high school at the time and lived in Summit on 64th Street prior to moving to Chicago with Emmett. See **STATUE**, page 5.

- August - Fall Edition

The Official Publication of
the Village of Summit

Office phone: 563-4807

Email: clambert@summit-il.org

Congratulations to the Class of 2023! You made it! Whether you are graduating from kindergarten or college, I wish you nothing but success entering into this new chapter of your life. Cherish all the memories you have made along the way and embrace whatever the future holds for you.

Our annual E-Recycle Day this year is July 21st. Please note there are guidelines to follow on what can and cannot be disposed of. We will continue to post these guidelines on our website and social media leading up to the event.

PLEASE REVIEW E-RECYCLE DAY GUIDELINES BELOW

E-WASTE ANNUAL HOME COLLECTION EVENT

- LRS will collect up to 7 electronics that cannot be placed out with regular garbage and recycling
- Accepted electronics are listed on the other side
- There is no charge for accepted electronics
- Must be in front of house on the curb by 6 AM
- No alley collection

E-WASTE COLLECTION GUIDELINES

Please review the guidelines below and see the **ACCEPTED ELECTRONICS (E-WASTE) LIST** to ensure the item(s) you are considering qualify for this special collection.

Limit of 7 items total

- Limit of 2 TV's and/or Computer Monitor
- Tube TV's Limit 40" and 100 LBS
- Flat Screen TV Limit 65" and 100 LBS
- Items exceeding limits will be left behind

ACCEPTED ELECTRONICS (E-WASTE)

Cable Receivers	Fax Machines
Cellular Phones	MP3 Player
Computers (desktop, laptop, notebook, tablet)	Printers
Digital Converter Boxes	Satellite Receivers
DVD Player	Scanners
DVD Recorder	Small Scale Servers
Electronic Keyboards	TV's and Monitors
Computer Mouse	VCRS
	Video Game Consoles

VEHICLE STICKERS ON SALE NOW!!

Village ordinance requires any resident owning a vehicle in Summit to display a vehicle tag which needs to be renewed every year. It is also required to remove expired stickers from the windshield.

2023 Vehicle tags go on sale **Thursday, June 1ST**. Tags must be displayed on the lower right corner of your windshield by no later than **July 1ST, 2023**.

You will need a State issued ID, as well as vehicle registration identifying your residence within the Village of Summit. Bring your or mail in your renewal notice. If you do not have one, you will need to fill out an application.

New residents must obtain their vehicle tags 30 days after they move in. New cars must show a vehicle tag 30 days after being purchased, and proof of purchase date is required.

Late Payment Penalty: On July 1ST, the original fee will double!

Senior Citizen Discount: Residents age 65 and over (by July 1ST 2023) must apply in person and present a valid ID to receive a sticker at no charge. (Only one sticker per household will qualify for no charge.)

Applications and stickers can be picked up Monday - Friday 8:30 a.m. - 4:30 p.m. and every Saturday in June 9:00 a.m. - noon at: Strzelczyk Municipal Center at: 7321 W. 59TH Street Summit, IL 60501

	Before 6/30/2023	On / After 07/01/2023
Passenger	\$ 35.00	\$ 70.00
Motorcycle	\$ 25.00	\$ 50.00
RV	\$ 40.00	\$ 80.00
Taxi-cabs	\$ 70.00	\$140.00
Tow Truck	\$115.00	\$230.00
Class B	\$ 65.00	\$130.00
Class D & F	\$ 95.00	\$190.00
Class H	\$165.00	\$330.00

Senior Citizens Free (65 or older – one free sticker per household – provided driver's license)

Mel Ortiz, Interim Police Chief

As school recesses for the summer, we ask everyone to use caution when driving through residential streets. We will start to see kids of all ages taking advantage of the warm weather and free time to get outside and play. **Watch for kids who may inadvertently wander or run out in the street during their time outside.**

After six weeks of training, we finally welcomed Officer Correa back home with his new partner — **K9 Bryan**. K9 Bryan is a half German Shepard and half Belgian Malinois, two exceptional breeds used in law enforcement rolled into one. Officer Correa and K9 Bryan have al-

ready stopped by some sporting events at Heritage Middle School and provided students and parents an opportunity to meet our four-legged officer. We wish them both a successful and safe partnership.

As always, we invite everyone to go to summitcrime-watch.com and sign up to receive notifications. Through our website, we can provide our residents information on the police department, resources and activity.

Office phone: 563-4830
Anonymous Tip Hotline: 563-8100
Email: mortiz124@summitpd.net

Jerry Rosales, Superintendent of Public Works

With the weather changing you may notice public works street cleaning, patching potholes, grading alleys, and cleaning out debris from sewers. Here is some key information and tips regarding keeping our Village clean.

Disposal of Bulk Items

- Residents are prohibited from throwing out more than one bulk item a week, such as a couch. It is recommended that it be taken out the night before so that the bulk item does not sit in the alley the whole week.
- Owners of single family and 2-unit homes who are throwing out a mattress must put it in a plastic bag or make sure it is wrapped in plastic. Garbage picked up is every Friday so remember to get your garbage tote out the night before.

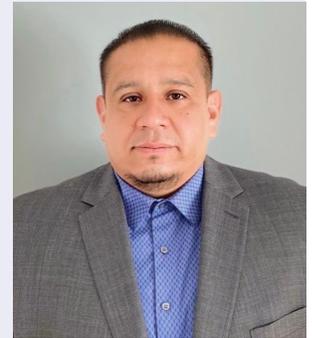

Disposal of Yard Waste

- Yard waste pick-up began Friday, April 7.** Please put any yard waste in a 30-gallon tote with a lid or in a rigid plastic container in front of the home. Yard waste containers are not to exceed more than 50 pounds when full. Although brown yard waste bags are accepted, please keep in mind that if it rains the bags can rip. Tree limbs must be tied together and not exceed 50 pounds, 4 feet in length and a maximum of 24 inches in diameter.
- The Village has two recycling dumpsters at the Metra station for the recycling of paper, plastic, and glass. If anyone is caught dumping construction material, furniture, tires, or any other garbage that does not belong in the recycling bins you will be fined up to \$750.

If you would like to dispose of tires, paints and chemicals please call the Illinois EPA at 1-800-CleanUp (253-2687) to find the nearest location. If residents need any additional garbage pickup please reach out to Lakeshore Recycling at 844-633-3577.

Permits

- Please keep in mind that a permit is required for any home updates and renovation. If using a contractor, the registration of the contractor is also required and both applications can be found on our website. Construction material will **NOT** be taken from the garbage containers.
- When doing any kind of construction work at home residents must rent out a dumpster from a garbage company to collect and clean up construction debris. **Permit fees are based on the construction costs and inspections are \$100.00.** Please call the Building Department at **708-563-4809** for any more questions.

Office phone: 563-4800
Email: jrosales@summit-il.org

Wayne Hanson Fire Chief

Summer is fast approaching, here are some summer safety tips.

GRILLING SAFETY

There's nothing like outdoor grilling. It's one of the most popular ways to cook food. But a grill placed too close to anything that can burn is a fire hazard. They can be very hot, causing burn injuries. Follow these simple tips and you will be on the way to safe grilling.

SAFETY TIPS

Propane and charcoal BBQ grills should only be used outdoors. The grill should be placed well away from the home, deck railings and out from under leaves and overhanging branches. Keep children and pets at least three feet away from the grill area. Keep your grill clean by removing grease or fat buildup from the grills and in trays below the grill. **Never leave your grill unattended.** Always make sure your gas grill lid is open before lighting it.

CHARCOAL GRILLS

There are several ways to get the charcoal ready to use. Charcoal chimney starters allow you to start the charcoal using newspaper as a fuel. **If you use a starter fluid, use only charcoal starter fluid. Never add charcoal fluid or any other flammable liquids to the fire.** Keep charcoal fluid out of the reach of children and away from heat sources. There are also electric charcoal starters, which do not use fire. Be sure to use an extension cord for outdoor use. When you are finished grilling, let the coals completely cool before disposing in a metal container.

PROPANE GRILLS

Check the gas tank hose for leaks before using it for the first time each year. Apply light soap and water solution to the hose. A propane leak will release bubbles. **If your grill has a gas leak, either by smell or the soapy bubble test and there is no flame, turn off both the gas tank and the grill.** If the leak stops, get the grill serviced by a professional before using it again. If the leak does not stop, call the fire department. If you smell gas while cooking, immediately get away from the grill and call the fire department. Do not move the grill. If the flame goes out, turn the grill and gas off and wait at least 5 minutes before relighting it.

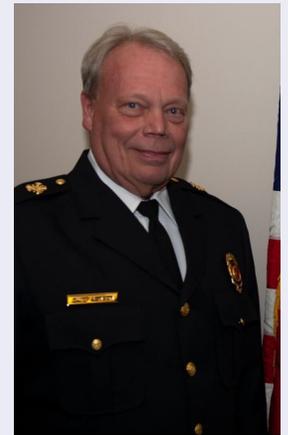

CAMP FIRE SAFETY

Sitting under the stars by a crackling fire has its appeal. It's where stories are told, sing-a-longs happen, and meals are cooked over an open flame. Campfires bring family and friends together. But campfire mishaps can cause injuries. With a few safety tips, you can prevent these accidents. Roast with care if roasting marshmallows and help young children. Never shake a roasting marsh-

mallow. It can turn into a flying, flaming ball. A heated metal skewer can cause burns.

SWIMMING SAFETY

Summer months mean an increase in outdoor recreation activities, such as swimming and sailing. Safety precautions like wearing life vests, keeping an eye on children in the water, and avoiding alcohol while swimming/boating are ways to have fun and stay safe. One hazard not often thought of is the risk of **electric shock drowning**, which happens when marina, onboard electrical systems and pools/spas leak electric current into the water. The current then passes through the body, causing paralysis and drowning. **Never leave children unattended in swimming pools, or any type of water activities!**

Office phone: 594-3894

Email: chiefhanson@summit-il.org

SAFETY AROUND THE FIRE

- Before setting up a campfire, make sure it is permitted. Check with the fire department.
- If campfires are permitted, they need to be at least 25 feet away from any structure and anything that can burn.
- Clear away dry leaves and sticks, overhanging low branches and shrubs.
- Avoid burning on windy and dry days. It's easier for open burning to spread out of control when it is windy and dry.
- Never let children or pets play or stand too close to the fire.
- Always attend to the campfire. A campfire left alone for only a few minutes can grow into a damaging fire.
- Keep a campfire small which is easier to control.
- Never use gasoline or other flammable or combustible liquids.
- Always have a hose, bucket of water, or shovel and dirt or sand nearby to put out the fire.
- If your clothes catch fire, stop, drop, and roll. Stop, drop to the ground, and cover your face with your hands. Roll over and over or back and forth until the fire is out.
- Treat a burn right away. Cool the burn with cool water for 3 to 5 minutes. Cover with a clean, dry cloth. Get medical help if needed!

STATUE

FROM PAGE 1

The event was open to the public and included attendance from residents, community leaders, and elected officials. The event was covered by the Desplaines Valley News as well as ABC-7 Chicago. The story also made national headlines, with news outlets such as AP News providing coverage.

"I am in awe, in utter awe, of what Mamie Till did because the way she responded to that [Emmett's] tragedy defined us," said **Congressman Sean Casten**, who was one of the keynote speakers. "It is inspirational and totally appropriate that this is at a school. It is so appropriate that young people here are going to see this as they walk in to inspire them everyday."

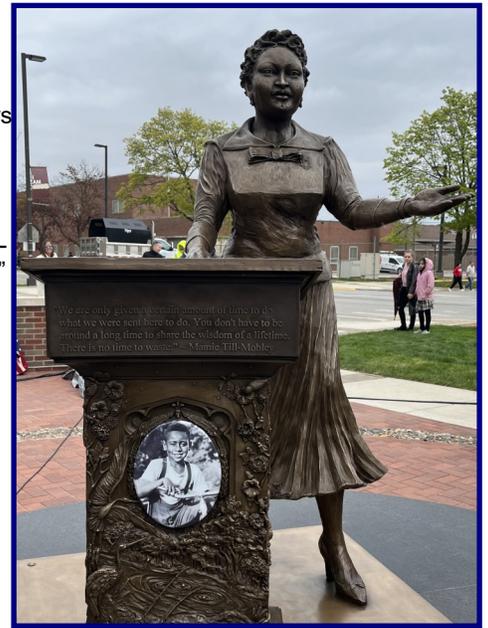

Another speaker was longtime Summit resident **Rev. Wheeler Parker Jr.**, who was Emmett's cousin and is currently the last remaining living individual to be present the night Emmett was taken. Rev. Parker Jr. also recently authored a book chronicling that experience earlier this year.

"There's so much you can say in such a small time but the Till family still is real big in Summit, Illinois, and I want to thank the Mayor and everyone that has contributed," said Parker Jr.

Other speakers included **Thelma Edwards**, a family friend of Till-Mobley, **Ollie Gordon**, a relative of Till-Mobley and **Senate Majority Leader Kimberly Lightford**. The 850-pound statue was sculpted by artist Sonja Henderson and was two years in the making.

The statue also contains a quote from Till-Mobley which reads: "We are only given a certain amount of time to do what we are sent here to do. You don't have to be around a long time to share the wisdom of a lifetime. There is no time to waste."

Societal Spotlight

2022 WATER QUALITY REPORT RELEASED

The United States Environmental Protection Agency (EPA) every year produces a report on the quality of the Village's water to ensure it is safe to drink. Here are some of the specific data from the testing:

Lead and Copper	Date Sampled	MCLG	Action Level (AL)	90th Percentile	# Sites Over AL	Units	Violation	Likely Source of Contamination
Copper	2022	1.3	1.3	0.044	0	ppm	N	Erosion of natural deposits; Leaching from wood preservatives; Corrosion of household plumbing systems.
Lead	2022	0	15	7.7	1	ppb	N	Corrosion of household plumbing systems; Erosion of natural deposits.

Regulated Contaminants

Disinfectants and Disinfection By-Products	Collection Date	Highest Level Detected	Range of Levels Detected	MCLG	MCL	Units	Violation	Likely Source of Contamination
Chlorine	12/31/2022	0.9	0.5 - 1.07	MRDLG = 4	MRDL = 4	ppm	N	Water additive used to control microbes.
Haloacetic Acids (HAAs)	2022	13	5.5 - 11.99	No goal for the total	60	ppb	N	By-product of drinking water disinfection.
Total Trihalomethanes (TTHM)	2022	26	13.28 - 39	No goal for the total	80	ppb	N	By-product of drinking water disinfection.

Sample Water Quality Data Table

Your CCR will also include a water quality data table that may look similar to this.

Contaminants	MCLG or MRDLG	MCL, TT, or MRDL	Your Water	Range Low High	Sample Date	Violation	Typical Sources
Disinfectant Residual	2	5	1	1 3	2008	No	Water additive to control microbes.
Chloramine (as Cl ₂) (mg/L)	4	4	1	1 3	2008	No	Water additive to control microbes.
Inorganic Contaminants							
Antimony (ppb)	6	6	ND	N/A	2008	No	Discharge from petroleum refineries; fire retardants; ceramics; electronics; solder
Radioactive Contaminants							
Alpha emitters (pCi/L)	0	15	4*	1 4	2006	No	Erosion of natural deposits.

1 Maximum Contaminant Level Goal (MCLG): If the value in the "Your Water" column is below this MCLG there is no known or expected risk to your health.

2 Maximum Residual Disinfection Level Goal (MRDLG): If the value in the "Your Water" column is below the MRDLG there is no known or expected risk to your health.

3 Maximum Contaminant Level (MCL): If the value in the "Your Water" column is above the MCL the system is in violation of EPA's regulations.

4 Treatment Technique (TT): A required process intended to reduce the level of a contaminant in drinking water.

5 Maximum Residual Disinfectant Level (MRDL): The highest level of a disinfectant allowed in your drinking water. A certain amount of disinfectant has been shown to help control germs and microbes in the water.

6 Your Water: The highest level of that contaminant found in your water during sampling.

7 Range detected: The "range" refers to the levels—high and low—at which contaminants were detected in your drinking water.

8 Violation: Shows if a contaminant is present in your drinking water is above the level allowed by EPA.

Important Information About Your Water Quality

Please visit <https://summit-il.org/waterquality> to view your complete 2022 Annual Water Quality Report. This report contains important information about the source and quality of your drinking water during 2022. To obtain a paper copy of the report, please call 708-563-4830, or visit the Strzelczyk Municipal Center at: 7321 W. 59th Street Summit, IL 60501.

HISTORICAL SPOTLIGHT

Historical Spotlight

Prior to the scarce residential parking and bombastic energy of heavily congested Archer Avenue, the Village of Summit was known as a “sleepy canal town” of about 300 people — mostly German, Italian and Irish who worked on the railroad or canal. Now, nearly 133 years later, this town has grown to a population of roughly 11,000 with a majority being of Mexican-American descent.

Although many things have changed, one constant has been our democratic form of government in which citizens affirm those who are tasked with the privilege (and sometimes burden) of governing their town.

On June 4th, 1890, residents of this town voted to officially incorporate the Village of Summit while also electing the first village board and mayor, Robert J. Allison. Their very first board meeting was held on August 4th of that same year, another anniversary to note and commemorate.

Although the town had far fewer people back then and issues were different, the scope of business on that day was actually very similar to the agenda of a typical board meeting in 2023 — issuing business licenses. These licenses were granted not to Portillo's on Harlem or El Faro on Archer, but instead to various saloons in the amount of \$500 per year. The trustees that day also confirmed the treasurer and clerk and passed an ordinance that ordered “Chicago and the Alton Railroad ‘put a flagman on the crossing of the Lyon’s road from 6 a.m. until 7 p.m. daily.”

A lot has happened since 1890, but let’s remember that the role of the village board nonetheless remains the same — conducting necessary village business to make municipal government function efficiently and effectively.

5TH ANNUAL CHICAGO RIVER DAY IN SUMMIT A SUCCESS

Community Focus

Summit residents and volunteers gathered Saturday morning, May 13th, to partake in Chicago River Day — organized by the non-profit Friends of the Chicago River.

The group congregated near the old boat ramp on the Northwest Side of town to collect trash along the I&M Canal. The event celebrated its 31st anniversary this year and the Village of Summit has been a proud participant for the fifth consecutive year. More pictures can be found online via summit-il.org or our facebook page.

CRIME IN SUMMIT DOWN 8 PERCENT

Crime offenses last year in the Village of Summit decreased roughly 8 percent, according to the Illinois State Police Uniform Crime Reporting Program. The agency reported that there were 204 total offenses last year, down from 221 in 2021.

Burglary was the most common offense, making up nearly half of all total offenses in both years. Other offenses such as assault and larceny also decreased in 2022.

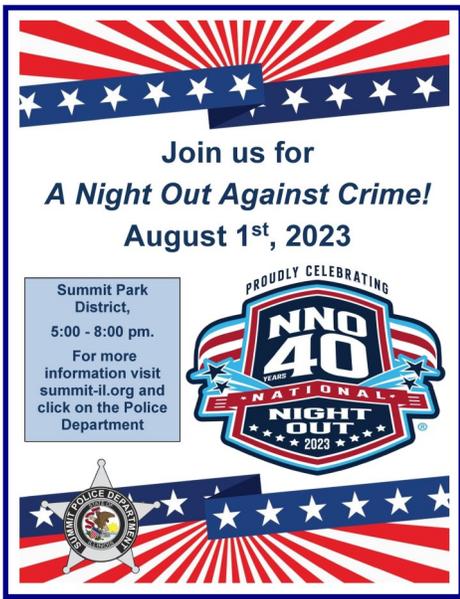

“There has been a definite decrease in violent crime, which made up the biggest difference,” said Summit Police Chief Mel Ortiz. “The other significant drop would be in the category of robberies and property crimes, such as vandalism, theft of property, etc.”

One new crime fighting initiative the Police Department launched last year was the new website SummitCrimewatch.com. The website is administered through a public engagement technology called CrimeWatch and provides public safety information and resources for residents.

“Prior to launching the new website, we didn’t have a platform to better connect with our residents,” Chief Ortiz said. “This new platform allows for two-way dialogue in which the community can get involved and provide us with real-time information and tips to help make our community safer.”

Any resident who has a public safety concern is encouraged to visit SummitCrimewatch.com or contact the **Police Department at 708-563-4830**.

SUMMIT BULLETIN BOARD

NEWS YOU SHOULD KNOW ABOUT

March 20 2023

Ordinance 23-0-13 was adopted, approving a grant agreement by and between the Village and the State of Illinois, Illinois Environmental Protection Agency (Lead Service Line Inventory Grant Program).

April 3, 2023

A donation in the amount of \$1,000 for the 2023 "A River Through History Rendezvous School Day," to be held on September 8, 2023, was approved. Additionally, the Village Board also approved a \$2,760 annual contribution to the I&M Canal National Heritage Civic Center. The I&M Canal runs through Summit and celebrates its 175th Anniversary this year.

April 17, 2023

Ordinance 23-O-14 was approved, which approved the agreement by and between Totral Environmental Service Technologies, Inc. (Management and Supervision of Water Treatment Plant)

May 1, 2023

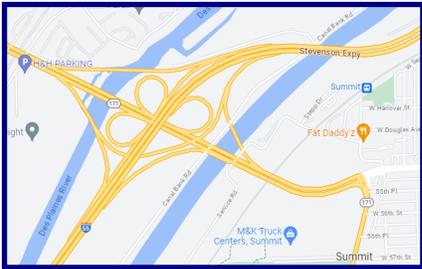

Resolution 23-R-03 was approved, authorizing the Intergovernmental Agreement by and between the Village of Summit and the Township of Lyons (2023 Summer Employment Work Program).

May 15, 2023

The church walk for Church of Nazarene was approved to take place June 11th from 11 a.m. to 1 p.m. All walking will be conducted on sidewalks. The board also approved Peckwas Prep Academy's request to block the alley behind the property for their annual year-end festival on Wednesday May 24th.

SUMMER CONSTRUCTION NOTICE

IDOT will be improving bridge deck sealing of structures along IL 171 just North and South of I-55 (Stevenson Expressway). Net length 8448 feet (1.6 miles). Construction is set to be completed by August, 2023.

Property Tax Notice from Lyons Township Assessor Patrick Hynes

Like coupons at the grocery checkout, property tax exemptions can provide savings on your annual property tax bill. These exemptions are deducted from your second installment bill. Cook County offers several discounts for owner occupied residential property — most notably the homeowners exemption, senior exemption and senior freeze exemption. There are also discounts for disabled persons and disabled veterans. **The deadline to file for exemptions is August 10, 2023.**

Please call or visit your local township assessors office for assistance with any property tax concern.
